Experiencia

Basketball Trainer

Willoughby College, Madrid

Septiembre 2024 / Junio 2025

-Great opportunity to combine my passion for both basketball as a sport, and teaching as a skill. The main objective was to boost their basketball skills while making it fun and enjoyable for everyone.

Private teacher

Infojobs, Madrid

Junio 2024 / En progreso

-Help baccalaureate students understand subjects like mathematics and physics and prepare them their university access exams. Also had the opportunity to guide a university student with basic math knowledge that will be omitted at university level. Hope to expand my teaching methods to students of all ages in the following years.

Formación académica

Primary education and Obligatory Secondary Education

Willoughby International College, Madrid

2022

-Bilingual school taught by native english speakers where details like fluency speaking and phrasal verbs are constantly brought up for students to get more comfortable with english as a second language.

International Baccalaureate

SEK Ciudadcampo, Madrid

2024

-One of the first and only schools in Madrid to offer an International Baccalaureate as an alternative to the Spanish system

Mathematical and Computational Engineering

University Francisco de Vitoria, Madrid

En progreso

-Private university located in Madrid which has been operative for over 30 years starting more humanities focused but with time providing opportunities to science-related courses.
